## Message From the CEO

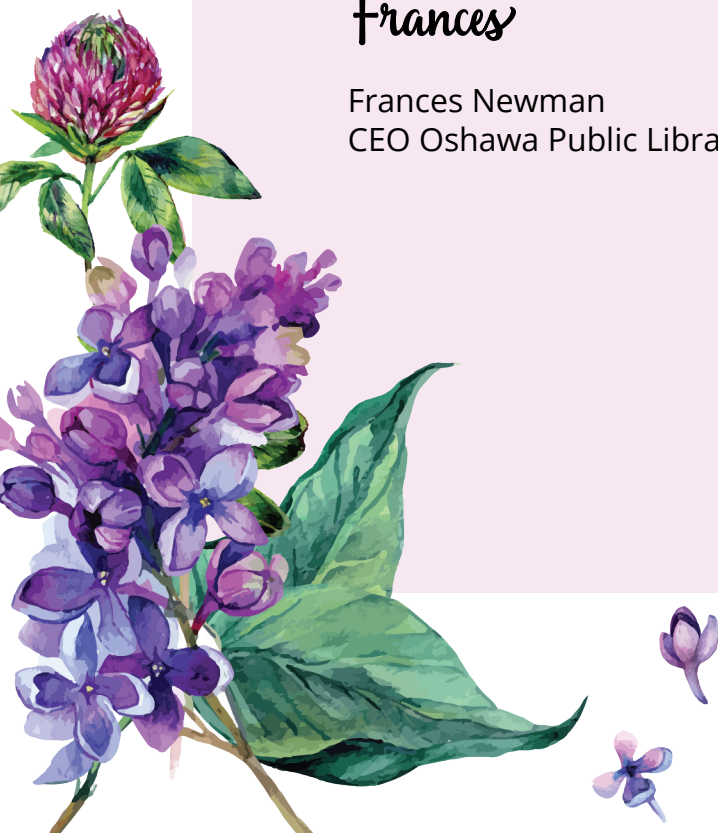

Later this summer and into the autumn, we plan to replace the front steps and accessibility ramp at the McLaughlin Library. After many years, the cement is starting to crumble creating a tripping hazard. During construction the front entrance will be temporarily closed and visitors can enter the McLaughlin Library through the children's patio on the Queen Street side of the building next to the back-parking lot. Visitors can access the main level of the Library using the stairs or the elevator. We apologize for any inconvenience this may cause.

Our annual Summer Reading Club returns from June 14 – August 22 with plenty of games, activities, and special events to keep the kids excited about reading all summer long. Studies have shown that children who continue to read throughout the summer transition back to school more easily in the fall and often excel in their classes. The same is true for teens who can take part in our Teen Summer Reading Challenge, and adults can set a good example by participating in the Adult Summer Reading Challenge Book Bingo.

See you at the Library!
